
Elite Proxy Switcher [Extra Quality] Crack Serial

[Download](#)

A secure method to change your proxy settings on the fly. Nation Detection Full support for Socks v5 and Elite servers. Hide your IP address on the websites you see. In the "URL" field, enter the address of the site you want to hide. In the "Parameters" field, click on "Add" to add a parameter to the query. You can add four options and the proxy will check and change them as needed. To avoid changing the IP address at the end, select "Secure" and click "Apply". Now, when someone enters your URL in the browser, the proxy server will use the settings from the "Options" settings to change their IP address.
